# Itasca Education Program (IEP) Research Application

## Terms and Conditions — Applicable Upon Acceptance

1. The IEP Research participant must be a full-time student.
2. All software loans are to be sponsored by a faculty member, whose name and signature must appear on this document.
3. The IEP Research participant will use the loaned Itasca Software solely for education and IEP approved research and not for any commercial or other non-educational purpose.
4. The IEP Research participant will not take or send the Itasca Software, in any form or medium, outside the country in which the University is located.
5. The IEP Research participant accepts responsibility for any taxes or duties associated with delivery of the software.
6. The IEP Research participant understands any opportunity for research or project involvement that utilizes the loaned software and requires outside consultancy must be communicated to their mentor and offered first to Itasca.
7. The IEP Research participant will submit to Itasca copies of the results of any analysis completed with the software, including, but not limited to, publications, research papers, and dissertations.
8. The IEP Research participant will properly acknowledge Itasca and the software in any publications utilizing the results obtained with this software during participation in the IEP Research Program.
9. The IEP Research participant will submit a report each year of participation and a final report upon completion of the program.
10. The IEP Research participant will comply with all the terms and conditions of the End User License Agreement for the Itasca Software.
11. The IEP Research participant will not copy, modify, or transfer the software, in whole or in part. Furthermore, the IEP Research participant is responsible for preventing any unauthorized use of the loaned software.
12. The IEP Research participant recognizes *FLAC*, *FLAC3D*, *UDEC*, *PFC2D*, *PFC3D*, *3DEC*, *XSite*, and *Griddle* are the exclusive property of Itasca. Itasca retains all rights to this software, and nothing in this agreement abridges these rights.
13. The IEP Research participant assumes responsibility for the selection of the software as well as the installation, use, and results obtained. Itasca assumes no liability whatsoever with respect to any use of the software or any damage or loss that may result from such use.

Applicant Signature	Date

## UNIVERSITY AGREEMENT

As noted in the Terms and Conditions, all software loans are to be sponsored by a Faculty Member, whose name and signature must appear below on this document.

By signing this document, the Faculty Member verifies that the applicant is attending the above-named Institution as a full-time student and has their approval to apply to and participate in the IEP Research Program.

Faculty Member Name (Printed)		Department	
Title		Email	
Faculty Member Signature			Date

Submit this signed form, your CV, and Project Proposal to [education@itascacg.com](mailto:education@itascacg.com).

Acceptance into this program is limited.

If you qualify for the program, the search for a mentor will begin. As we do not accept applicants without a mentor, this is a very important step. It can take time to find an appropriate mentor who has time to devote to the mentorship program. Your patience is appreciated.

You will be contacted via email as soon as a decision is made.
